Heart Charm Necklace

Materials Needed:

Two pieces (3" each) Sterling Silver Chain
Swarovski Crystals & Pearl Mix (2 strands)
Sterling Silver Heart Clasp
Beadalon Wire
Tierra Cast Heart Charms
10 Jump Rings
2 Crimp Beads
Crimp Tool or Needle Nose Pliers

INSTRUCTIONS:

1. Layout the Crystal & Pearl beads and place heart charms 10 to 12 beads apart. Add jump rings onto the heart charms by opening the jump rings with needle nose pliers and then close.
2. String all beads and heart charms onto the Beadalon Wire.
3. After all beads and charms are on the wire add one crimp bead onto the wire and string wire through the 3" sterling silver chain.
4. Then bring wire back through the chain and through the crimp bead. Use crimp tool or needle nose pliers to crimp the crimp bead. Repeat on the other end of the necklace.
5. Use a Jump ring to add sterling silver heart clasp on to the end of the chain. Open the jump ring up with needle nose pliers and string chain and heart clasp through the jump ring. Close using needle nose pliers.
6. Do the same to the opposite end using the second piece in the heart clasp.
