

Create Your Own Season!™

FREE Project Idea

3D Beaded Star

Supplies

- 2 Wire Star Form
- Size 26 Craft Wire
- Beads
- Clear Rubber Earring Backs
- E-6000

Directions

For this project, you will want to choose an assortment of coordinating beads in sets of six, since there are six arms to the wire star form.

Put the beads on each arm and secure with a rubber earring back.

Cut 12 pieces of wire 1" long. Curl the wire to form the circle in the middle. Load these with beads and secure with rubber earring back.

Remove a small portion of each star arm and use the loop to thread the small branch onto the snowflake arm. Replace the beads you took off the arm and secure with a rubber earring back.

Create Your Own Season!™

FREE Project Idea

Bend the small branches gently toward the end of the snowflake arm. Do this for the other remaining arms.

Glue the snowflakes together at their middle (stacked on top of another) with E-6000.

Set aside to let completely dry before displaying.
