8. Use the paintbrush to draw red lines on the hoops to resemble red eyes, then set them aside to let dry.
9. Paint the 3" discs to the desired eye color and paint the 1.5" black for pupils.

If wooden discs aren't available, you can also paint the eyes directly onto the fabric or use other materials, such as foam, felt, to make the eyes.

10. Set them aside to let dry.
11. Glue the discs onto the hoops with the hot glue gun.
12. Poke the wire through the fabric of the hoops to tie them together (as shown in the photos) and then tie them to the letter.

Now, it's ready to hang!
