Buttons & Beads Bracelet

Project Courtesy of JesseJamesBeads.com

Supplies:

Small and large shell buttons
Beads of your choice
Monofilament beading thread
Fastener

INSTRUCTIONS

1. You need 5 strands of monofilament thread, each doubled for 10 strands total. Leave extra for fastener.
2. Place 2 strands on a stable surface. Tape down. Thread several beads before adding buttons. Thread each button through with the two strands. It will form the figure 8. Push the button into place. Alternate buttons & beads until desired length is reached. End the strand with several beads.
3. Repeat step 2 until desired amount of strands.
4. Gather strands together and attach to your fastener.
