## Abstract Canvases

*Project courtesy of [deltacrafts.com](http://deltacrafts.com), designed by Tammie Wilson*

### Paints Needed:

Delta Ceramcoat® Acrylic Paints:  
Light Ivory, Light Victorian Teal, Espresso

### Other Supplies:

1- 24" x 26" canvas with rolled edges  
2- 12" x 12" canvases with rolled edges  
4" foam roller  
1" flat bristle brush  
Water container  
Paper plate or palette paper  
Paper towels

### INSTRUCTIONS:

1. Using the roller, apply two smooth even coats of Light Ivory to all of the canvases. Allow the first coat to dry thoroughly before applying the second coat.
2. Position canvases in the same layout as they will be hung on the wall. Using a pencil, very lightly draw out the desired pattern. Refer to photo or create your own design.
3. Pour paint onto paper plate. Using the 1" brush, paint two smooth even coats of Light Victorian Teal or Espresso to the front and sides of the canvases. Refer to the photo for color placement. Hint: To get smooth edges, apply the paint about ¼" from the pencil line and smooth it out right to the line. Then fill in the center area and let dry thoroughly.
4. Hang according to canvas manufacturer's instructions.
