Envirotex Coaster Set

Materials Needed:

Wood Coaster Set
8 oz. Envirotex
Mixing Cup Set
Rubber Stamps
Paint
Printed Paper
Mod Podge
Glue Stick
Foam Brush
Craft Stick
Box or tray with protective covering

INSTRUCTIONS:

1. Paint Wood Box and Coasters and allow to dry.
2. Trim printed paper to fit top of each coaster and attach with glue.
3. Stamp images or words randomly on each paper surface.
4. Brush on Mod Podge and allow to dry.
5. Place plastic cups in a shallow box or tray that has protective covering. Place coasters on top of each cup and pour Envirotex over the top of each coaster. Box will catch the drips. [Click here to get more details on how to use Envirotex High Gloss Coating.](#)
6. Wrap a strip of printed paper over the top of the box and tuck under the edges. Randomly stamp surface using permanent ink.
7. Coat entire box with Mod Podge to seal paper.
