Concert Cuffs - 'Rabbit Riff'

Designed by Carey Selby from Plaid

Materials Needed:

Plaid supplies:

Artistrywear Glass Beads

Other Supplies:

Rabbit Fur remnant

Needle

Thread

Leather Cording

Scissors

Leather punch and hammer (optional)

INSTRUCTIONS:

1. Cut the cuff from the rabbit fur, about 3" wide and a little longer than your wrist.
 2. Punch (or carefully cut) six small holes across one end of the cuff, about 1/2" from the edge of the fur.
 3. Cut three lengths of leather cord and feed each cord through two of the holes from the back so both ends of the cords hang down from the front.
 4. Knot the cords together to secure around the holes, then make another knot about 1" further down and let the ends hang loose.
 5. Sew three of the beads across the other end of the cuff as shown.
 6. To close around your wrist, hook the loops around the beads.
