Custom Design a Rug Using Paint

Supplies

- Rug
- Acrylic Spray Paint
- Masking or Painter's Tape
- Scissors

Directions

We recommend doing this project outside and wearing old clothing. Shake or sweep the rug to clear it of any particles.

Lay cardboard or sheets of newspaper on the ground and place the rug on top.

Adhere painter's or masking tape to the areas you do not want to paint.

Using Acrylic Spray Paint in the color you desire, evenly spray one coat onto the rug.

If you feel that you have missed any spots, or want more color, spray on another coat.

Set aside to let it completely dry.

Once dry, remove the tape and place it in the area of your home that you desire.
