How to Design Fabric Using Stamps

Supplies

- Fabric
- Stampendous Jumbo Cling Rubber Stamps
- Acrylic Paint
- DecoArt Crafter's Acrylic Fabric Medium
- Craft Mat
- Paintbrush

Directions

1. Lay your fabric out onto a flat surface.
2. Mix 2 parts of the fabric medium with 1 part acrylic paint.
3. Spread it out onto a craft mat or wax paper.
4. Firmly press the stamp into the paint mix.

We recommend practicing stamping on a test fabric with the desired paint colors before to see what it may look like before starting.

5. Depending on the type of design, either firmly or lightly press the stamp onto the fabric.
6. Let the stamp design dry.
7. Repeat step 5 until the desired look has been achieved.
8. Let the entire design dry for 24-48 hours, then heat set with a cloth (as per instructions on the DecoArt Crafter's Acrylic Fabric Medium bottle).

You can also use stencils and again, we recommend testing it before starting your project.
