4. Set aside to let dry.
5. Trim the photos to fit the canvas. You can either trim it to fit the front of the canvas or wrap it around the sides.
6. Use the foam brush to apply Claudine Hellmuth Medium to the canvas.
7. Place the photo onto the canvas ensuring all sides have adhered.
8. Use the foam brush to apply a thin coat of Claudine Hellmuth Medium over the top of the photo.
9. Repeat steps 8 and 9 until all the photo canvases are finished. Be sure the photo canvases are dry before moving onto the next step.
10. Arrange the photo canvases onto the main canvas.

12. Use E-6000 to adhere the photo canvases to the main canvas.
