Marble Magnets

Materials needed:

Clear Glass Gems
1.5" Circle Punch (large gems)
.75" Circle Punch (small gems)
Exacto Knife
Mod Podge
Small Sponge Brush
Flat Disc Magnets
E6000 Adhesive
Pictures or Decorative Paper

INSTRUCTIONS:

1. Punch desired picture or paper with the circle punch.
2. Cover front side of the paper or picture with a thin layer of Mod Podge. Place on the flat side of the gem and press lightly to seal the paper to the glass. Let dry.
3. Trim off excess paper with the exacto knife.
4. Cover back side of picture or paper with the Mod Podge to seal. Let dry completely.
5. Use E6000 to glue magnet to back of glass gem. Allow to dry according to directions.

Attach to any metal surface and enjoy!
