Mother's Day Charm Bracelet

Supply List:

- 1 strand Swarovski Mix Crystal - Creme
- 1 pack Jolee's Jewels Asst. Bugs
- 1 pack Jolee's Jewels Toggle Clasp
- Jolee's Jewels Birthstone Crystal Rings
- 1 "Made with Love" Charm by Tierra Cast
- 1 XO Mom charm by Tierra Cast
- 8" Beadalon Stringing Wire
- 2 Crimp Beads
- 2 Crimp Bead Covers
- 2 Wire Guardians

Instructions:

Begin by stringing a crimp bead onto your Beadalon stringing wire. Before you clamp your crimp bead shut, string on your wire guardian as shown in the instructions found [here](#). Then string on one half of your clasp. Once you have strung your crimp bead, wire guardian and half of your clasp. Clamp your crimp bead. Then apply the crimp bead cover as shown in the instructions found [here](#).

Now the fun part starts! Begin stringing on your Swarovski crystals and charms in any order that appeals to you. If you choose to have a center focal piece, make sure that you plan accordingly. If it helps, lay out your design on a bead board or mat. Once you string all the crystals and charms you want, apply the 2nd part of the clasp the very same way you applied the first part.
