

Create Your Own Season!®

FREE Project Idea

Patriotic Wreath

Supplies

- Wire Wreath Form
- Geo Mesh
- Ribbon
- Scissors

Directions

1. Cut the geo mesh into several strips to about 17" in length.
2. Tie the geo mesh into a single knot onto the desired areas of the wire wreath form.
3. Repeat step 2 by alternating different colors of Geo Mesh to create that patriotic look until the desired look has been achieved.
4. Cut ribbon into several strips to about 17" in length and tie it in between the Geo Mesh onto the desired areas of the wire wreath form.

You can add embellishments of your choice to complete the wreath. Ann added star stickers on trails of ribbon and inserted a small flag.
