Pin-Able Designs

Supplies for Seed Bead Pins:

11 size 0 (7/8") Safety Pins
1 size 2 (1-1/2") Safety Pin
99 Seed Beads
Metal Nail File
Needle-Nosepliers
Clear Coat Acrylic

INSTRUCTIONS:

1. Spray safety pins with clear coat to keep them from tarnishing.
2. Each row is a small pin with beads strung on it. Open small pins and string beads following pattern provided. Start at the top with Row 1 and work down.
3. Use point of metal nail file to bend open the loop at base of the large pin. Thread base of beaded pin onto front shank of large pin, force around loop and onto back shank of large pin.
4. Follow pattern, add beaded small pins to large pin following pattern from left to right. Pliers will help get the large pin back in shape.
