

Create Your Own Season!®

FREE Project Idea

Tipsy Pots

Supplies

- Ceramic Ribbed Pots (one large and three small)
- Stake
- Floral Bushes Large and Small
- Floral Foam
- Rocks

Directions

1. Set the large pot where you want the arrangement to be placed.
2. Put rocks on the bottom for weight to keep your arrangement from tipping over.
3. Put the stake through the top pot, then the second pot, then the third pot, then down through the rocks, through the hole on the bottom pot and into the ground.
4. Lift the top three pot up towards the top of the stake so you can arrange the large fern bush in the bottom pot.
5. Set the bottom small pot on top of the large fern bush. Rest the three small pots on top of one another, staggering them in alternating directions on the stake.
6. Cut floral foam to fit inside the three small pots, then arrange your floral bushes in the floral foam.
