## No-Sew Polar Fleece Scarf

Keep yourself warm this winter with this No-Sew Easy-To-Make Polar Fleece Scarf. In 30 minutes or less, you'll have a hand made scarf. **Here's what you need:**

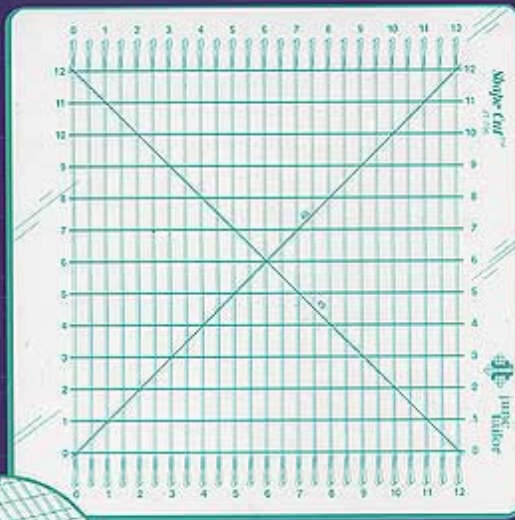

Polar Fleece

Rotary Cutters / Cutting Mat

**Use with your rotary cutter  
& rotary cutting mat**

- *Cut multiple strips from 1/2" up to 12" in 1/2" increments*
- *Save time on repetitive cuts for strip quilting*
- *Turn Shape Cut™ after strips are cut to complete squares, triangles, diamonds, or chevrons with ease*
- *Use 45° markings to quickly cut bias strips*

**Shape Cut**

- Use with your rotary cutter & rotary cutting mat. With this tool, you can cut multiple strips from 1/2" up to 12" in 1/2" increments.
- You will save time on repetitive cuts for fringes on your new scarf.

**This project is as easy as 1-2-3.**

1. Cut Polar Fleece into a 12" wide strip, using the rotary cutter and cutting mat.
2. On 12" edge, cut fringe 1/2" wide, 3" long with the "Shape Cut" Board.
3. Keep yourself warm all winter!
