## Circle Kitchen Scrubbies

### Supply List:

1/2 yd. of Tulle  
Size K crochet hook  
Scissors  
Ruler

### Instructions:

Cut the 1/2 yd. tulle into 2" strips (9 strips total).

1. Tie all the strips of tulle together to form a long length of tulle. To ensure the knot is not a weak spot for the tulle to come apart, tie them together by aligning the ends of two strands together.
2. Once all the strands are tied together: Chain 3, slip stitch together to form a ring. Chain one.
3. Single crochet twice in each single crochet in one continuous round until the "scrubie" is the diameter you desire (ours are 2.75"). If the scrubie starts to get wavy edges as you crochet, single crochet once in each single crochet instead of twice for a round to straighten it back out.

**NOTE:** As you crochet, keep all the knots and ends of tulle on the back side, these will eventually be inside the scrubbie.

4. Once you have the diameter you desire, start to single crochet in every other single crochet.
5. Once the hole on the top gets small enough, slip stitch through last single crochet and tie off.
