Mother's Day Shadowbox Frame with Flower

Supply List:

- 2 - 12"x12" patterned papers
- 1-2 - 12"x12" solid papers
- Acrylic Paint in coordinating color
- Wooden Letters (your choice)
- Silk Flowers (optional)
- 1 - 12"x12" Shadowbox Frame
- At least 2 - 4"x6" photographs

Tools:

- Double-sided Adhesive
- Scissors
- Foam Brush
- Hot Glue Gun or E6000

Instructions:

1. Paint the wood letters and allow them to dry completely. Take apart the shadowbox and clean both sides of the glass.
2. Take the back off the shadowbox and adhere one sheet of patterned paper to the back. Cut 4 strips of the same paper to cover the inside lip of the frame.
3. Create a "frame" for your photos by cutting a piece of solid colored paper an inch larger than your photo. Adhere the photo to the top of the colored paper.
4. Carefully hot glue the wood letters inside the frame. Arrange and adhere your photos on the back inside of the frame.
5. Put the shadowbox back together and add embellishments, like a silk flower, with a hot glue gun (or E6000 glue).
