Stamping in Clay

Visit our Stamping Department and have our team of experts help you find all the supplies you need to start this easy project. Here's what you need:

Rubber Stamps with words of your choice.

Assorted Spices:
Black Pepper, Allspice, Nutmeg, etc.

Sculpey III Translucent Clay

Micron Pen

Finished project... looks like a real stone!

This project is as easy as 1-2-3.

1. Soften the clay in your hands. Add the spice with the soft clay and mix well. Shape like a stone.
2. Press Rubber Stamp Words in the shaped clay.
3. Bake at 250°F for 20 minutes. Let cool completely. You're now ready to fill in the words with a Micron pen found in our Stamp Dept.
