Pendant Watch Necklace

Designed by Debi Sherwood

Materials Needed:

- 1 Ben Franklin watch face
(our watches have jump rings at each end)
- Beads of your choice
- 1 charm
- Beading floss
- 1 needle
- 1 lobster claw closure
- 2 crimp beads
- Pliers

INSTRUCTIONS:

1. String crimp bead on desired length of floss, then string lobster claw closure. With the end of the floss, go back through crimp bead and close the crimp beads with pliers.
2. String half the beads in a pattern of your choice.
3. Remove the jump ring from the top of the watch. String 2 beads, then string the watch through the hole left by the jump ring. Then re-string through the last 2 beads.
4. Continue your pattern with beads. When you have completed stringing the second half of the beads, repeat instruction from step #1. To finish your necklace, open the jump ring at the bottom of the watch, place the charm of your choice and close with pliers.
