

D.I.Y. Batty Treat Holder

FREE
Project
Idea

Supplies

- Cardstock
- Googly Eyes
- Tape
- Adhesive
- Scissors
- Pencil

Directions

Template located on second page.

1. Using scissors, cut out both of the templates.
2. Trace the templates onto the cardstock.
3. Cut the patterns from the cardstock.

Feel free to add embellishments before putting the bat together, such as glittering the wings or adding washi tape to the body.

4. Shape the strip for the body into a circle and tape the ends.
5. Tape the wings onto the back (where you secured the ends for the body).
6. Glue googly eyes to front.

Creative Tip! Use a white gel pen to draw in fans, to outline the wings, etc.

Place a small bag of candy inside and it's ready to give!

If you notice on the template, you can also make a cat. Simply, skip the wings and use gel pens to add the cat's features in color and a small pink pom pom for the nose.
