Summer Fun Flip Flops

Dress up your flip flops this summer with ribbon, fabric, beads, or yarn! Use one of our ideas, or come up with your own creative design!

Try adding beads, feathered boas, foam shapes, or fabric trim.
Add some Silk Flowers and Beaded Embellishments. Crocheted Flip Flops are also very cool!

Flip Flops should be fun, not boring!

Here are some easy ways to spice up your summer shoes:

Ribboned Flip Flops - Cut 6 inch pieces of ribbon and tie each one with a square knot onto the foot strap for a funky ruffle. For an extra fun look, try two colors of ribbon and alternate them on the strap.

Beaded Flip Flops - Attach a strip of Terrifically Tacky double-sided tape to the top of each foot strap. Press sticky tape into a tray of micro-beads for a fully beaded effect.

Trimmed Flip Flops - Choose a 1/2 yard of your favorite fringed trim and wrap it around the foot strap of you flip flop. Hold the ends on with a small dot of hot glue.
