### Jute Wrapped Vase

#### Supplies

- Vase
- Jute
- Hot Glue Gun
- Scissors

#### Directions

If you don't have a vase, you can use different containers such as metal cans, mason jars and more for this project.

1. Beginning at the top, use the hot glue gun to adhere one end of the jute to the vase.
2. Wrap the jute around the vase making sure to not have any loose areas.
3. Once you reach the bottom, glue it, then cut the excess jute.

The color of the jute naturally fits into any decor and has a great rustic look.
