### Folding the American Flag (*June 06*)

*This information was reprinted courtesy of [Sierra Pacific Crafts](#)*

#### Step 1

Begin by holding it waist-high with another person so that its surface is parallel to the ground.

#### Step 2

Fold the lower half of the strip section lengthwise over the field of stars, holding the bottom and top edges securely.

#### Step 3

Fold the flag again lengthwise with the blue field on the outside.

#### Step 4

Make a triangular fold by bringing the striped corner of the folded edge to meet the open (top) edge of the flag.

#### Step 5

Turn the outer (end) point inward, parallel to the open edge, to form a second triangle.

#### Step 6

The triangular folding is continued until the entire length of the flag is folded.

#### Step 7

When the flag is completely folded, only a triangular blue field of stars should be visible.
