ELEVATE YOUR KEEPSAKES WITH FRAMING

Give your wedding memories the stage they deserve. Explore the art of framing and discover how transforming your dress, invites, and more into stunning displays can become a cherished legacy, a testament to your love story, forever captivating hearts and telling your tale through every thread and every stroke.

Commemorate the electrifying energy of the Seattle Kraken with a stunning shadowbox display!

For this display, we used a solid black frame and used 3 different colored mats to correspond to the Kraken colors. They are vibrant and really help make the jersey POP in the shadowbox!

Our design team skillfully framed this exquisite loom-woven tapestry from Peru, showcasing meticulous attention to detail. Our passion extends from framing various textiles and tapestries!

Get creative and add pucks, photos, tickets, or even a custom inscription to personalize your display and tell your unique Kraken story.

We also framed the trading cards in custom red frames for a more 3D effect that help them stand out!
