Wire Wrap – Students Choice

Instructor: Char Jorgensen

Age limit: 12 and above unless accompanied by an adult or otherwise specified

Class Description/Outline: Students Choice Wire Wrap Class

In this class there are 4 styles we will vote on as a class to wire wrap a cabochon stone. (A flat backed smooth front stone)

The **Traditional Wrap** has a foundation at the bottom and the wires skim the outsides of the stone to be gathered at the top. The double rabbit ear bail provides a place for the chain.

The **Omega Wrap** has the foundation bottom with the wide bail at the top for large chains. There are 3 designs for this top!

The **Sidewinder Wrap** has no foundation at the bottom but has two small side wraps that enable us to place a decorative wire across the front lower portion of the stone. This has a double rabbit ear bail for the chain.

The **Omega Sidewinder** incorporates both the decorative wire swirl across the stone, like the sidewinder and the wide bail at the top like the Omega! A perfect combination of both of the styles!
