

Star Studded

2025 Saturday Sampler

Quilter's Corner at Ben Franklin- Monroe

April 5, 2025

We are jumping to the corner star blocks this month.
(Month 7)

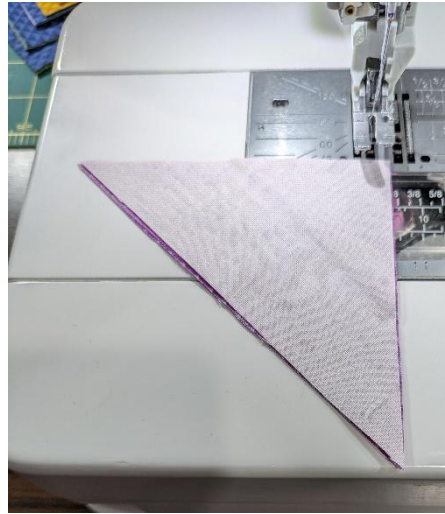

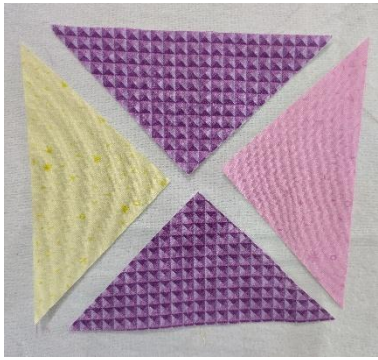

There are several different colors used in these blocks. I am only showing one block- make all colorways

Step 1- cut your pieces and arrange them in the order necessary to make your block. A design space is really helpful to lay everything out

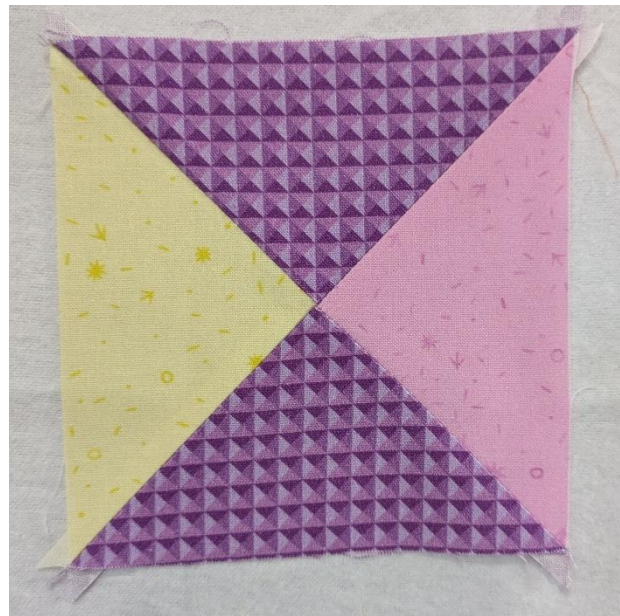

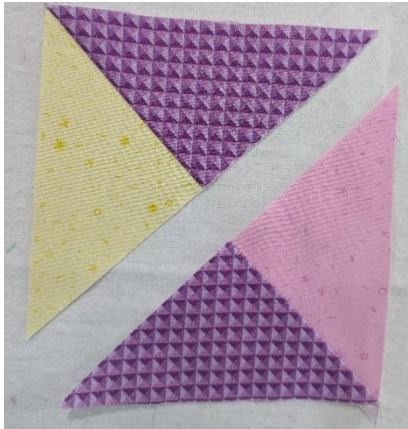

Step 2

Make your hourglass pieces. The Hourglass is made up of 4 triangles. I sew 2 of them together then the other 2 together. Press your seams towards the dark. Then you can sew those two halves together to get your block.

Sew from the straight edge instead of the corner so your point won't get sucked into your machine

Step 3

Arrange the rest of your block in a 9 patch configuration making sure the colors are placed in the correct spots.

Step 4

Sew your 9 patch together in rows. Press the top and bottom rows away from the center and the middle row towards the center. Sew these rows together to get your block.
