

Saturday Sampler 2025

Message from Carrie – Oct. 2, 2025

Hi Friends!

Welcome to October! I really can't believe it's here already -my September was jam-packed! This Saturday Sampler weekend is our Customer Appreciation Weekend and the kick-off to our Truckload Sale! Yay, truckload! Here's [a link to our "Sales" webpage](#) where you'll find the flyer.

I want to take this time to say thank you. I appreciate each of you so much - not just this weekend, but all the time. You and the rest of our customers are the reason we do what we do. We love being part of the community and, hopefully, a fun part of your lives and creative process. Thank you for the support you give me and the store. The friendship and love are something I cherish always. I'm so happy to celebrate with you when great things happen in your lives, and to cry with you when there are struggles. Thank you.

Lots of life happened at my house this month! I now have another licensed driver - and he bought a truck. That means lots of random trips to the grocery store and Taco Bell!

We also moved Gracie back into school, and she isn't coming home as often. It's definitely an adjustment. Luckily, I've filled my schedule with classes and fun things here to keep me busy. We did a quilted witch hat class and have scheduled another because it was so much fun! There's also a Fall Mystery Class next week making a fall-themed wall hanging. [Here's the October calendar if you'd like to check out the classes.](#)

The blocks this month almost did me in! 😊 Just kidding (kind of). Quilter's Patch folks - check out the tutorial! For Star Studded, we're catching up on last month and doing something super similar this month. Please make sure you're checking the Saturday Sampler Hub (mentioned above) where you can find links to everything. I'll post another tutorial there in a couple of weeks for the Cat block, plus links to other animals you might want to fill in with.

I'd love your feedback on our Saturday Sampler process. Are you using the tutorials? Are you using the Hub to access everything? Do you love the videos and want more? Let us know what's working - and what's not.

See you soon!
Love ya, Carrie

P.S. Don't forget to share what you're working on in our Facebook Group - or post your questions for the quilting community! [Here's the link.](#)
