

Saturday Sampler 2025

Message from Carrie – Sept. 6, 2025

Hi Friends!

Welcome to September! September always feels like the beginning of the year for me. Kids are back to school, and it's time for a re-set! 😊

I am getting re-organized. My to-do list is long and scary, but I am checking things off. It is also time to be home and cozy. I love everything about Fall. How about you guys? Do you love this time of the year, or are you dreading the yucky weather and shortened days?

We have some really fun classes this month to keep you going: Jelly Roll Class, Witch Hat, lots of painting classes, Craft Club, knit and crochet, and more! [Check out our calendar for more details!](#)

Our Autumn Decorating Guide has started with some great ideas for the fall and good sales - [check it out too!](#)

We have a ton of new fabric in the store, a re-stock on *In the Beginning Interwoven*, and our Quilting Cuddle should be here any day. I am so excited to try it out and play with a brand-new kind of Cuddle. Less stretch and not as furry makes it easier to actually piece with. Watch for updates! We also have some new canvas/linen fabrics and some fun new projects for the holidays. I can't wait to show you. *(Make sure to visit our Quilter's Corner webpage often for a monthly video tour of our newest fabric arrivals. [Take a look here!](#))*

We really are moving through the Saturday Sampler quilts. We are working on 3 Quilters Garden blocks and the half stars in Star Studded. Check out the tutorials for these blocks. There is a lot of helpful information to work through them. If you have questions on either one, please let me know.

See you soon!

Love ya,
Carrie

P.S. Don't forget to share what you're working on in our Facebook Group - or post your questions for the quilting community! [Here's the link.](#)
